Dear Friends

We would like to introduce to you and commend for your support the **H.E.L.P. Ministries International Soup Kitchen Project** in Cape Town, South Africa which feeds 5000 school children with soup and bread on a daily basis.

We invite you to join us as a supporter of **F.A.C.F.O.M. : FEED A CHILD FOR ONE MONTH** by donating \$5 per month on a regular basis.

FIVE DOLLARS CAN FEED A CHILD FOR ONE MONTH

We were part of a group of twenty two persons from Washington D.C. and Baltimore comprised of students and faculty from Wesley Theological Seminary and Howard University, pastors and church members from various congregations who visited the H.E.L.P. Ministries soup kitchen project in Cape Town. We experienced that this is an urgent need because these children are starving, but if we can sacrifice just \$5 dollars per month, we can make the difference to the lives of these children. Of course, if you can adopt more than one child per month, it will be most welcome. Our goal is to raise sponsors for each of the 5000 children in order to feed them every day during their school career. We need therefore 5000 sponsors @ \$5 US Dollars each per month.

Please see below the letter of appeal from the Rev Cecil Begbie which will give details of how you can give.

Please let Rev Begbie know how many children you can sponsor @ \$5 Dollars per month by sending him an email to: cecilbegbie@gmail.com or call his U.S.A. cell phone number 404-3139853 for more information.

Thank you and may God bless you richly

Yours sincerely

HELP US FEED THE POOR CHILDREN OF THE WORLD

Dear Friends

H.E.L.P. Ministries, which is an approved Advance Special project of Global Ministries of the United Methodist Church in the U.S.A. is currently feeding 5000 starving school children and 1000 unemployed adults with nourishing soup and bread on a daily basis in Cape Town, South Africa. We cook 44x34 litre pots (400 gallons) of soup per day and deliver it to nine primary schools and one educare centre where the teachers and the learners get involved by distributing the soup to the children in the classrooms. The children come from poor homes to school without having had anything to eat. As a result they are struggling to learn efficiently. The mug of soup we feed them is made of vegetables, beans as a protein base and meat products, providing the children with vital nutrients.

We need financial support to purchase soup ingredients, to pay for electricity and gas to cook the soup, transport to deliver the soup daily at the schools in Cape Town and staff salaries. One U.S. Dollar can feed seven children per day. Your contribution will be highly appreciated.

A MODEL

Our soup kitchen also serves as a model to which persons can come and learn from us how we go about feeding 6000 people so that they can return to the community they come from and establish similar soup kitchens. Participants of the H.E.L.P. Ministries International College here in Cape Town will receive hands-on practical training in our soup kitchen and our goal is that millions of poor children will eventually be fed around the world.

We invite you to be a partner of this vision by supporting us and by sharing this need with your family, friends, colleagues, members of your congregation, business associates and any other resource persons, both in your communities and internationally.
